

2008 DEWITT WORLD PETROCHEMICAL REVIEW

March 26-27, 2008

Venues:

**Minute Maid Park (day 1) and
Aquarium (day 2) all in Downtown
Houston, Texas**

Pre-Registration
PCR—USD 1200
Technology—USD 800

- The conference will feature:
- ◆ Rooftop Cocktail Reception overlooking Minute Maid Park.
 - ◆ Executive Session on Energy with Economy and Base Chemical Overviews in historical Union Station.
 - ◆ Lunchtime networking and tour of the Aquarium on Day 2.
 - ◆ Regionally organized product reviews to develop a global view.

Our Boutique Hotel, Inn at the BALLPARK, features uniquely appointed rooms and a lobby meant for individual meetings, a perfect place for your Houston visit.

- During all this opportunity for networking, DeWitt's experienced consultants and invited guest speakers will share their views on the industry's key concerns.
- Catch up on "What's New" in global competitiveness.
- Understand the evolving refining changes and their impact on refining and petrochemicals.
- Manage the effects of high crude prices.
- Review Chinese and Middle Eastern Investments.

We will conduct a Technology Seminar preceding the PCR Conference (March 25):

- Coal to Ethylene
- Sugarcane to Polyethylene
- Catalytic Ethylene
- Axens naphtha to aromatics
